Guidelines for Make-up Exams proctored by the Georgia State University Testing Office:

The make-up testing program is designed to provide instructors testing services for students who are absent on test days.

Testing staff will be responsible for maintaining security of exam materials, setting appointment times with students, checking student ID, administering exams according to the guidelines established by the instructor, and notifying instructors when the exam has been taken.

Make-up exams are administered during regular hours of the Testing Office:

Monday – Friday: 9:00 - 5:15 p.m.

Instructors provide examinations in hard copy format, along with completed “Instructions for Georgia State University Testing Office Proctored Test” form(s), to the Testing Office located in Suite 200A, Counseling and Testing Center, 75 Piedmont Ave NE.

Although instructors establish deadlines and other test conditions, students are responsible for making appointments to take their exams and should call Anastasia Volokhova at 404-413-1735 for scheduling an appointment. Ordinarily, appointments will not be made until the Testing Office has the test copy and instruction form in hand. The Testing Office staff will adhere to the instructions and limitations that instructors establish and will consult with instructors for clarification should any dispute concerning testing instructions arise. For security purposes, make-up exams and scantrons are dropped off and picked up in person and may not be delivered via interoffice mail.

Thank you for your cooperation in providing this service to the faculty and students of Georgia State University.
